

THE CORE™ REPOSABLE TRUMPET

The Convenient & Cost
Effective Solution

THE CORE™ SUCTION/ IRRIGATION SYSTEM

- Disposable valve and tubing
- Reusable probes
- Clear ergonomic handpiece
- Ambidextrous design

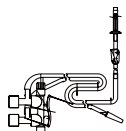

CORE™ SUCTION/IRRIGATION SYSTEM

Simplicity at its best

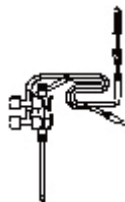

The Core™ Fluid Management System offers the benefit of a simple easy to use Suction & Irrigation system with the convenience of a reusable suction cannula for added savings. High quality reusable laparoscopic electrodes can also be added transforming this simple surgical accessory into a powerful multi-function instrument that will help reduce procedural time.
